Just Us Kids Proves That Being the Best of the Best in Early Education Takes Hard Work, Dedication and Smart Choices in Learning Tools

Just Us Kids is a licensed and nationally accredited child care and early learning center that assists some 200 children annually. The organization plays an integral role in advancing the motor skills and social skills of the children in its charge, and it is dedicated to remaining in the avant-garde of its field.

Just Us Kids Wants the Best for Its Children. But It's Hard to Find a Single Tool That Promotes Early Education In All It's Forms

Dozens of Educational Games

BEAM has dozens of educational games running the entire gamut of early educational learning. And new games require no downloads or purchase—they're linked to your BEAM via the cloud.

Interactive Play, Social Play

Every early childhood educator understands the importance of motor skills and social skill advancement during playtime. BEAM provides both in equal measure, making it the perfect tool for early learning facilities like Just

Us Kids

Fits Perfectly in the Classroom

BEAM's projection system allows you to set up BEAM on walls, floors or tables, so you'll always find space to play. And cleanup is as easy as flipping a switch into the off position.

Just Us Kids Needed an Indoor Playground Where Kids Could Engage Their Motor Skills Fully. BEAM Helped Them Overcome the Challenge.

The early educators of Just Us Kids wanted a tool that could simplify their lives by reducing the amount of curriculum planning hours per day, while also giving kids the opportunity to engage in active play indoors. BEAM's games reduced planning period requirements and gave children a chance to actively play, run and jump in a safe indoor environment.

Final Result

Just Us Kids' teachers get to spend more time with their kids and less time planning. Kids have a safe place to play indoors and parents are happy with the academic benefits of BEAM's educational games.

"I feel it's my responsibility to always keep my center at the very top. For me, caring for the children is part of my job but caring for the business and my employees is also part of my job. Keeping my center on the top ensures my employee's job stability and the longevity of our careers here. That's my goal for everyone."

-Nancy Beall, Founder, Just Us Kids

It's Difficult for One Tool to Meet the Needs of Parents, Children and Educators. But BEAM Meets the Challenge Head On

Just Us Kids must exceed the expectations of parents, educators and children. Not an easy task by anyone's standards! BEAM helped this organization achieve that feat, and it can help your early education facility do the same. Contact us today to learn more.
